

PINK PEPPER -

50/50% Peru + Kenya

Guatemala & Peru - Native

Also Native in Kenya - needed another source- Mount Kenya & Lunga Lunga

Superhero-

Best benefit Internally- throat to rectum! in Bloodstream to every cell in body!

Chemistry:

Limonene (Cleansing, uplifting)

Alpha-phellandrene 15-30% or 37%(immune, cellular) (ex. vs. Blue Tansy 5.7%)

Alpha Pinene (cellular rejuvenation, respiratory) 3%

This is SO Significant:

Alpha-phellandrene- Acts to PROTECT and NURTURE Cells so they are not damaged from things like OXIDATION- helps cells to divide in a healthy way and not mutate-

We call this = Healthy Cell Mitosis & Apoptosis

Activates NK cells, Alleviates Neuropathic discomfort, Anti-Inflammatory

Anti-microbial- both gram negative and gram positive - Add with OnGuard or Melissa when coming down with anything

Research indicated that alpha phellandrene:

1. activates natural killer cells to support a healthy immune response
2. encourages healthy cell cycle and death = Apoptosis
3. supports a healthy inflammatory response
4. alleviates neuropathic discomfort.

APPLICATIONS

Neuropathic- Add with Aromatouch Blend

Aroma touch plus pink pepper when you have neuropathic discomfort.

Especially in the lower extremities of the body.

Amazing companion product to DDR Prime!!!

When you look at the whole of pink pepper you can see how many different systems of the body that it supports because of its complex and beautiful chemistry. Because it has such a great protective affect to the cells it is an amazing companion product to DDR PRIME.
